

Derby Naugatuck River Trail

Anticipated completion: 2003

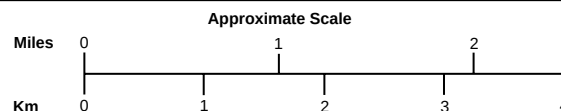

Trail Highlights

Phase 1 of the off-road pedestrian and bicycle pathway will be 10 to 12 feet wide and will extend 1 mile on top of the flood control dike from Route 34, Main Street, north to the Derby-Ansonia city line at Division Street. This will provide an intermodal link between downtown and a major commercial area in Derby. Phase 2 will extend from the Phase 1 terminus at Main Street to O'Sullivan's Island, along the flood control dike on the east bank of the Housatonic River for approximately 1 mile. This phase is a component of the Housatonic River Greenway.

Parking and Accessibility

Parking to be determined.
