

Middletown Mattabesett Trolley Trail

Anticipated completion: Fall 2004

Trail Highlights

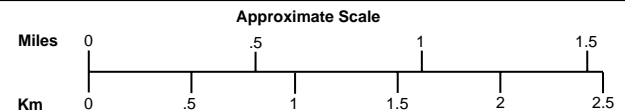

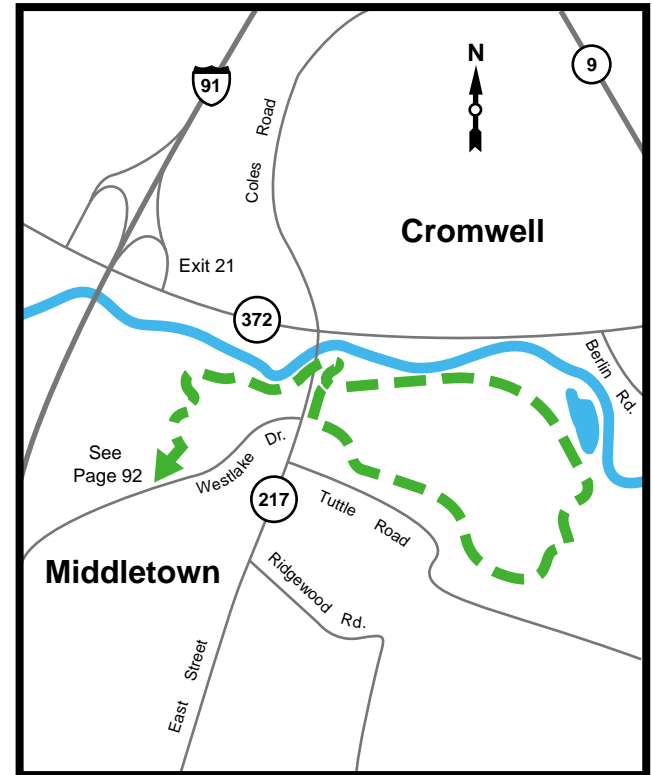

This 2.5-mile-long multi-use trail will travel through a very dense residential area, then along the Mattabesett River via an abandoned trolley bed. At the western terminus it will connect with the Westlake Area Bikeway.

Parking and Accessibility

No designated parking area is available for trail users.

(See page 92 for directions to parking on the Westlake Area Bikeway.)
